

Cat	Star	Title	Score	Award	Firstname	Lastname	Comment
CC	1S	Blue Ripples	11	Gold	Marc	Gordon	This is a beautiful image. It handles the colors well. I like the composition, and also the difference in color between right and left. Turn down the brightness on the right-hand side and try to take the highlights down on the drop. Unfortunately, there are some dust spots (sensor spots) on the top and that cost you points. You must remove it.
CC	1S	Cotyledon No1.	11	Gold	Minky	Goodbrand	I like this photo. It complements the theme and I like the contrast. However -It is not sharp enough - and the stem is very blurred. You could also add a border to let it stand out. But it is a beautiful picture.
CC	1S	Cotyledon No2.	9	Silver	Minky	Goodbrand	The theme of "wet" is only visible on the lower flower. Next time, try to let the subject (the main flower) tell the prime story , because the out-of-focus branches are distracting. Maybe you could make the border a little thinner so it doesn't draw as much attention. You want it to be subtle.
CC	1S	Cotyledon No3.	9	Silver	Minky	Goodbrand	This composition is beautiful, and this picture has potential. The flowers are not in focus, and the border is too thick for this photo.
CC	1S	Echeveria.	10	Gold	Minky	Goodbrand	The theme handled well. The composition is good and the idea is very promising, but except for one knob, the picture is out of focus. On my screen, there is only a border on one side.
CC	1S	Purple and Gold	11	Gold	Marc	Gordon	pleasing photo with a clear focus on the object. I appreciate the composition and colors, as well as the detail of the waterdrops. Well done. The bright spot under the umbrella can be removed.
CC	1S	Scurvy Weed.	10	Gold	Minky	Goodbrand	This idea to make the background black complemented the image and made it pleasing. . The theme of wetness is not truly understood and it looks like a little bit of wetness on one leaf. The picture is not sharp enough.
CC	1S	Splash	9	Silver	Sandra	Comrie	Wonderful sunny day at the sea and the moment is well captured. You can do the following to make this picture more appealing. There is a lack of depth and three dimensional in this photo. It also could be cropped from the top. The sky does not do anything for the photo
CC	1S	Strawberry Splash	11	Gold	Marc	Gordon	This is beautifully done. It is creative, and the composition is good. If the strawberry and white fluids were sharp - it would have a better point. I. like this photo a border would complete it.
CC	1S	Umbrella	10	Gold	Marc	Gordon	Well captured I like the colours . The little bright spot on the stem of umbrella can be removed. Well done
CC	1S	Wet Idea	12	Gold	Marc	Gordon	I like the idea and you captured the water well. The color is pleasing and it looks as if you got the shutter speed right because it, is nice in focus and sharp with the background blurred out. Well done.
CC	2S	Drooling	9	Silver	Noxolo	Kheswa	The colour and the background is good . It work as Black and White. The tap is not very sharp and the inside is too dark. It would be beter is you capture a falling drop from the tap.
CC	2S	Fluid flags	9	Silver	Marisan	Victor	The simutaniatly of the three glasses is good. The fact that you did not capture the full glasses makes it unfulfilled. There is abreviation on glasses and fluids
CC	2S	Light defracted	11	Gold	Marisan	Victor	Your timing is nice. And the fluids is in focus, but it could be sharper if you want a beter point.

Junior Winner

CC	2S	On the main menu	12	Gold	Marisan	Victor	This is a beautiful well-captured photo. The darks and colors is well handled and the lemon almost looks like a moon. I shall advise to give it this a thin red border. Well done
CC	2S	On the Side	8	Silver	Noxolo	Kheswa	I can imagine why you capture the side of the plate - to get the wetness. But I don't think this works very well. Everything is halved. The plate is half, the food is half, and the wetness is half.
CC	2S	Running	8	Silver	Noxolo	Kheswa	If you capture the basin outlet, it could work as a composition. The bright spot on the top of the tap is disturbing. This photo is also out of focus.
CC	4S	Bath time	12	Gold	Jan	Lens	Yes, this cat is wet and he doesn't look very satisfied. The exposure is good and the whites are not burned out. The ears could be a little more exposed to see more detail in them, and perhaps a little bit of vignetting could bring more attention to the cat. I would also crop in on the left-hand side. Overall, a good picture.
CC	4S	Brest stroke	12	Gold	Jan	Lens	This is a good sporting photo It is sharp on the right places and the colors is very natural.
CC	4S	Colour Adventure	11	Gold	Mags	Vosloo	The picture is very sharp, and the colors are beautiful. I would remove a few of the wet spots on the top of the picture to clean it up.
CC	4S	complicated splash	12	Gold	JOAN	JUNG	This is a strong , clean picture. The drops of water in the beverage are in focus while a few are out of focus - Well done
CC	4S	Concentration	10	Gold	Doug	Couperthwaite	Great action shot! The surfer, water, and waves are sharp. There are some distracting red objects at the top (in the black area).Also, a little more exposure on the right side of the face would be nice.
CC	4S	drenched dragon	9	Silver	Liesl	Couperthwaite	This is an interesting picture and it fits the theme. I. would recommend that you decrease and add more texture so that you can see the dragon clearly. There are not many details in this picture
CC	4S	enjoying the waves	9	Silver	JOAN	JUNG	Nice picture of someone enjoying the water. The positioning of the person in the picture is great, but I would recommend cropping about a sixth of the sky and a sixth of the bottom part of the photo. This way, you can emphasize the person in the sea more. You can also use a brush and give more detail to the person.
CC	4S	Half Full	9	Silver	Mags	Vosloo	This glas with water fit the theme. Although this photo is not sharp and the glass right side vanished in the editing
CC	4S	Hunting on the weir	9	Silver	wynand	lens	The eyes of the bird is sharp but the background makes that you do not see the bird clearly. You can also crop it on the right side
CC	4S	Ice Ice Baby	10	Gold	Cornelia	Appel	The action is nicely captured. It is a pity that the ice cubes are not in focus. Nicely dropped
CC	4S	Inhale	10	Gold	Jan	Lens	The swimmer is in good action and the composition is good. However the picture is not sharp and the whites of the water is burned out
CC	4S	Light Blue	11	Gold	Meleney	Naik	This is a good picture of the water and bulb. It is sharp, the action is nicely captured and I like the composition. You can make the background a little bit darker- especially on the right hand side
CC	4S	Martini Splash	12	Gold	Mags	Vosloo	The picture is sharp and the exposure is handled well. A little bit of vignette would make it even better. Perhaps I would suggest the use of a brush to take down the brightness on the glass's handle.
CC	4S	Modern Art	12	Gold	Mags	Vosloo	Very sharp and pleasing to look at. The colors are well-handled.

CC	4S	Multi Colour Splashes	10	Gold	wynand	lens	The composition is good. And your timing is good. The texture of the glasses is not sharp. Bring down the brightness of the background
CC	4S	Pink Splash	10	Gold	wynand	lens	I like the colors of this one, but the umbrella water ring is not sharp. There is also little White spots in the center that you can take away.
CC	4S	Playing in the fountain	10	Gold	Doug	Couperthwaite	It can be challenging to take a photo of an outdoor object in bright sunlight. This type of photo is best taken early in the morning or in the evening. I am not sure about your situation when you took this picture, but perhaps this picture could show more of what is happening at the bottom of the fountain.
CC	4S	Rain drops on Clivia	12	Gold	Jan	Lens	This is a beautiful image. It handles the colors of the clivia well. It is overall sharp and in focus . Well done
CC	4S	Rainy Night City Lights	13	Merit	Meleney	Naik	I like this image. It is creative and overall in focus . The drops is sharp and the picture in die background is pleasing. Well done
CC	4S	red splash	9	Silver	Liesl	Couperthwaite	The background blur compliments this photo. The focus is on the top instead of the bulb and all the water drops. Overall the picture is not sharp.
CC	4S	red splashing	9	Silver	JOAN	JUNG	This picture is not sharp and the water is not in focus. The composition is good
CC	4S	sailing on the Chiemsee	10	Gold	Liesl	Couperthwaite	I can imagine that it was nice to be there to take this photo. It is a pleasing image of the sailboat. I would suggest that you make the picture more and bring out the colors of this boat. You can use some masks in Lightroom and even dodge and burn in Photoshop.
CC	4S	Seeking the sun	8	Silver	Jan	Lens	The eyes of this bird is sharp and the fact that it has something in its mouth complements this photo. The bouquet is very good. I. Would suggest that either crop it mōre to the head or show the whole bird. Now it is a bit in-between. I wonder if this photo qualifies for the "wet" theme.
CC	4S	serene reflection	10	Gold	Liesl	Couperthwaite	Beautiful picture of this scēne. The composition is good and the picture is in focus
CC	4S	Sparkling Red	9	Silver	Meleney	Naik	The composition is good and the glass is in focus but the drops is not sharp or in focus
CC	4S	Splish Splash	11	Gold	Cornelia	Appel	I like this version of this capturing. The glasses is sharp, the fluid in focus, and the background is not too bright. There could be a little bid more space at the bottom.
CC	4S	Strawberry bubbles	13	Merit	Cornelia	Appel	This is creative, sharp, and pleasing for the eyes./ I would suggest a border for this photo - Well done
CC	4S	Strawberry Milkshake	12	Gold	Meleney	Naik	I love this photo. It is nicely done. The photographer gave attention to detail and captured this very well. It is a pity that the milk and strawberry is not in focus
CC	4S	The chase is on	10	Gold	wynand	lens	This is a Nice action photo and you can hear this Egyptian goose scream. I. Like the blur and movement in the wings but the face must be sharp and in focus It looks if the second bird's eyes and face is sharp. I. Would also suggest that you work on the bright daylight colors and tone it down.
CC	4S	Triplet	10	Gold	Mags	Vosloo	The glasses and fluids are sharp. It is cropped too tight on the sides and try to do something with the glare on the glasses.

CC	4S	water crown	10	Gold	Liesl	Couperthwaite	This is an interesting photo and i dont know what is the background of this drop. The focus of this drop is good in front
CC	4S	Water drops on a feather	11	Gold	Meleney	Naik	A very pleasant photo. It is in focus and very sharp. In this case it would compliment the photo if the whole feather was in the picture
CC	4S	Wet Colours	10	Gold	wynand	lens	It is very creative and plesing to look at I like the colors and drops. It would be Nice if you take away this one drop on the right-hand side and the "hair on the bottom right is also disturbing
CC	4S	whiskey splash 1	12	Gold	JOAN	JUNG	Very good action photo. The composition is also well-handled. Everything is sharp and in focus .
CC	4S	yellow and green splash	13	Merit	JOAN	JUNG	This is a sharp , in focus an well handled and strong photo . It is clean of other drops and focuses on the theme - Well done
CC	5S0	A wet Squawk	10	Gold	Heidi	Taylor	The eyes and back feathers are sharp enough. However, the head of the bird is not in focus. It would be nice if you could capture it in drinking water.
CC	5S0	Dont sit here	12	Gold	Heidi	Taylor	The subject of this photo is sharp and clear with the waterdrops surrounding it . This is a apealing picture.
CC	5S0	Ready for breakfast	11	Gold	Heidi	Taylor	The theme is well captured in this picture but the berries and strawberries are not sharp. I. will suggest that you blur the background of the zink -that it is not so prominent. Very clever idea of a picture
CC	5S0	Red rose	10	Gold	Heidi	Taylor	If this was in focus and sharp -it would be a very pleasing photo
CC	5S1	Acid rain	10	Gold	Tracey	Rhodes	The Green drops above the bulb is nicely sharp and in focus .
CC	5S1	Cocktail splash	9	Silver	Tracey	Rhodes	In this photo the glass is not sharp and drops not in focus
CC	5S1	Droplets on a pin cushion	12	Gold	Tracey	Rhodes	This is beautiful captured and the light is well handled - Well done
CC	5S1	In the Spotlight	11	Gold	Stephen	Pryke	The sun and direction of the swimming fish is well captured. Try to bring the bright sun a little bit down in the top centre
CC	5S1	Joey	9	Silver	Stephen	Pryke	Nice photo of this dog and his water skills seem very good. I. Would suggest that the use of a CPL filter in bright sunlight will produce a better depth of color.
CC	5S1	Just one more strawberry	11	Gold	Tracey	Rhodes	The shadow and backlight in this photo is beautifully handled.
CC	5S1	Pin Cushion Aloe in the rain	10	Gold	Stephen	Pryke	The spray on this protea creates a very good photo. I would suggest that you work a bit on the color of the flower - especially when the sun is burned out on the side
CC	5S1	Rosemary Flower	10	Gold	Stephen	Pryke	If this wasnt shoot in bright sunlight - it would be a priceless photo.
CC	5S3	Behind the glass	14	Merit	Des	van Tonder	This a very pleasing and creative photo and you want to look at it more than once. Well done
CC	5S3	Red delight	12	Gold	Des	van Tonder	Beautiful. Perhaps you can work at the detail in the centre - but beautifull
CC	5S3	RGB	12	Gold	Ronelle	van den Heever	A good photo of this range. The only thing I can say about this photo is that you could give it more space at the left side- Otherwise -well done
CC	5S3	Spoonbill swish	13	Merit	Des	van Tonder	I like the detail on the feathers, face and waterdrops - Well done for a nice action photo
CC	5S3	Yellow and Blue Water Drop	11	Gold	Ronelle	van den Heever	Beautiful- This is a good version of the range - try and put it through a Denoise program to take out the noisee at the bottom
CC	5S4	Beetle floats above drowning hopper	9	Silver	Rob	Hart	Interesting photo of the insect in water - try to capture their eyes . The tail end has some nasty abbreviation
CC	5S4	Half in half out	11	Gold	Rob	Hart	Nice photo of this frog. The eyes of this frog is beautifully captured.

CC	5S4	Out of the wet	13	Merit	Rob	Hart	What makes this photo special and strong is the brightness of the photo, the interesting leaves on the frog, and the sharpness of it. Well done.
CC	5S4	Wet and dry floating fly	10	Gold	Rob	Hart	The detail is captured very sharp and in focus. It would compliment the photo if you could only crop the fly and not all the other insects and things.
CC	5S4	Wet flowers	9	Silver	Rob	Hart	The water drops on the stem are in focus, but it would be nice if the flower knobs would also be.
CC	5S5	every drop counts	12	Gold	Carol	Phillips	This is nicely captured. It is very pleasing - If the left side of the picture was in focus -you would get a higher point.
CC	6S1	After My Bath	12	Gold	Leon	Heyes	Bird is very sharp overall -also eyes - the bouquet is beautiful - This is a pleasing photo
CC	6S1	Dizzying Dots	13	Merit	Leon	Heyes	The photo is pleasing and the photo is overall technically very good.
CC	6S1	Drenched	15	Merit	Leon	Heyes	This is a very good and beautiful picture Everything is handled well. The drops have no glare and are sharp. Well done
CC	6S1	Drops of Pride	11	Gold	Leon	Heyes	Creative idea - Try to take out the glare at the bottom of the drops - then it will be stronger
CC	6S1	Wet Outfield	12	Gold	Leon	Heyes	Strong sport photo in the water. Faces are sharp and visible - good picture
