CC	1	1S	Batista	Jay	Nabbe	12	Gold	This is so funny. Love that you managed to get this image for this challenge. I do find my eye jumping to the red box. Could maybe have been cloned out or desaturated a bit.
CC	2	1S	Reflection	Toni	Harley	10	Gold	Well done on spotting this. Very creative. As means of improvement try using levels to give a bit more depth to the image.
CC	3	2S	Lets go fishing	Sandra	Comrie	13	Merit	How did you get them to pose for you. I had a good giggle with this photo. Whites well handled.
CC	4	2S	Look into my Crystal Ball	Marc	Gordon	9	Silver	Nice try, I want to see the story but the "upside down" is not strong enough. The left side is distracting and it feels like its competing to much.
CC	5	2S	Screech	Minky	Goodbrand	10	Gold	So creative. Good job on the editing skills.
CC	6	3S	Weaver wiggle	Gustav	de Wet	11	Gold	Nice sharp eye. I do find that the white parts on the wings are a bit distracting. Can maybe try darkening them with either marking or the burn tool.
CC	7	4S	appuc tea	Liesl	Couperthwaite	11	Gold	Good idea and clever to use what you have to be creative. The white bits around the glass ball is a bit distracting. But not sure if it could have been avoided other then editing it out using stamp or healing tool.
CC	8	4S	Jellyfish	Meleney	Naik	10	Gold	Interesting and posing from the jelly fish is onpoint. Under water photos always amaze me. I don't mind the small blue spots as it adds to the magic but the back jelly fish tentacles Im asuming is creating a blue blob in the middle of the photo.
CC	9	4S	Yellow	wynand	lens	9	Silver	Even though this is a well exposed photo, I don't feel like the spider is upside down, rather just looking up at the camera, ready to pick a fight.
CC	10	5S0	Smell the flowers	Heidi	Taylor	9	Silver	Face not in focus, and I do wish a little more of the body is in focus.
CC	11	5S2	Apprentice Florist	Maxi	Holder	11	Gold	Creative interpretation of the challenge. Definitely no smelling of this flower.
CC	12	5S4	Hairy caterpillar 9502	Rob	Hart	12	Gold	Good photograph, well exposed, sharp at all the right places.
CC	13	6S1	Destroying Opposition Property	Leon	Heyes	10	Gold	This image feels a bit pixelated, or over sharpened. Maybe some noise reduction could elimtate some noise, otherwise good shot
CC	3	2S	Lets go fishing	Sandra	Comrie	13	BJUNIOR
